From: Human Concerns Committee  
Subject: Outreach Program

Dear Parishioners,

The Human Concerns Committee wishes to establish an outreach program for the members of our community with emphasis on the elderly. The program is to be all-inclusive and will attempt to assist with everyday problems such as health care issues, property maintenance, grocery shopping, providing drivers for appointments, etc. We would also like to establish a daily phone line whereby individuals living alone, particularly those with health care issues, can be contacted to check on their status. No one should ever have to feel alone.

If you know of a party or you are a party that would benefit from this program please fill out this form. The party or parties need not be members of our parishes but should be a part of our community.

The committee would like to establish a list of volunteers who have a particular trade or talent who would be willing to give of their time to help us fulfill the needs of these people. The success of this program will depend entirely on the participation of individuals (You) in our parishes.
