

Human Concerns Minutes
Tuesday, March 9, 2010
St. Mary Church, Mayville – 7:00 PM

Present: Wendy Falevsky, Marie Berry, Cindy Thomae, Marge Brandel, Ann Guse, Carrie Mueller, Dr. Mike Bachhuber, Janine Andes

Quilt Tying: Per Ann Guse, quilt tying will probably be continuing for another 3 weeks or so.

Bread Sale: Thanks to all who baked for our Homemade Bread Sale. Our efforts raised \$235 for Church Health Services. A special thank you to Ann Guse, Marie Berry, and Marge Brandel for working the night of the sale.

Easter Cards to Military Personnel: No responses were received from our bulletin plea for names and addresses of military personnel. Without names and addresses, the mailings cannot take place. Cindy Thomae brought the cards along for committee members to see. The cards are beautiful and can hopefully be utilized in the future. There are also cards which would be suitable for anyone (not strictly the military).

April PAVE Collection: This year's PAVE collection will focus on paper products. Ann Guse will put up the table and sign and handle submitting bulletin announcements. The collection table will be set up after Easter Sunday. Janine will deliver the items again this year to PAVE in Beaver Dam. Discussion took place regarding whether to set up a collection table at St. Andrew's. Wendy Falevsky and Cindy Thomae decided to promote one collection per year at St. Andrew's and this collection will not be the one promoted this year.

Church Health Services: Marie Berry reported that 7 people were cared for at the last clinic.

Visiting Sick/Homebound: Willie was not present to give an update. Marie Berry reported that she has gone 4 times to Clearview in Juneau. The visits are very enjoyable. She bakes, does question and answer type things with the residents, and there is also a book they work out of. Volunteers can go once a month, every week, whatever you want.

Outreach to the Elderly: Dr. Mike Bachhuber shared a rough draft of a survey he put together. Marie Berry and Wendy Falevsky offered to meet with Dr. Mike to work on the survey and come up with a final draft. The final draft will be brought to our next meeting to be handed out to all members. From there it will be presented to Fr. Tom for final approval. It was decided to start with bulletin announcements and also a pulpit announcement given by Dr. Mike. As needs become known we will decide how to go about addressing the needs.

Next Meeting: Our next meeting is April 13, 2010 – 7:00 PM at St. Andrew's School Hall.
